PROFESSIONAL EXPERIENCE

Director Of Integrations

Clarity Ventures, Inc

AUGUST 2020 - PRESENT

- Orchestrated and led a team of 12 developers and project managers to build out integrations with various enterprise-level ERPs and CRMs in both the B2B and B2C space, with a concentration on 3rd party implementations and eCommerce.
- Oversaw the development of custom products from initial architecture to final deployment. Handled client communications and led technical training for both developers and project managers.
- Bridged the gap between various departments to streamline the SDLC and drive product growth, from sales and marketing to project management, operations, and development.

Developer — *Freelance*

JANUARY 2020 - PRESENT

- Developing and maintaining various C# applications for clients. Creating innovative solutions for business problems using the latest technologies and frameworks.

Owner/Manager — *Head Trainer, LaRose Show Horses*

AUGUST 2007 - PRESENT

- Scouted talent and managed clients and horses to multiple World and National Championships.

PROGRAMMING EXPERIENCE

- **The CyberA/B:** <https://cyberab.org>

Oversaw and directed the development of the CyberAB, a site built using C# and dozens of 3rd party integrations from DocuSign to HubSpot. Developed a custom HubSpot CRM alongside an integration platform syncing data from various places into the eCommerce site.

EDUCATION
